

Fireman visit

Mr Waters came into Fox Class to tell the children about being a fireman, as he used to be one! Children learnt about what some people do for a job; being a fireman. They learnt how to stay safe in certain situations. They learnt about the types of things fireman wear to keep safe, and got to try some of it on themselves! They also learnt that fireman not only put out fires, but help people out in other ways, for example getting people out of a crashed car! The children really enjoyed the opportunity to talk to a real life fire-fighter; many of them decided they wanted to be a fire-fighter when they grow up!
