

School Nativity

Fox Class were part of the whole school Nativity, which was very exciting for them. It helped them to learn and understand more about the story behind Christmas. This was backed up in class with our small world nativity set, where children re-enacted many of the things they had learnt from the nativity play! They got to choose whether to be a star, a sheep or an angel. The children loved learning their lines and the songs, and performing this in front of their friends and family!
