

Together we inspire, together we nurture, together we achieve.

16th October 2020

Dear Parents/Carers,

Breakfast Club

From Tuesday, 3rd November we will be re-introducing our breakfast club provision.

As I am sure you will appreciate at this time we have had to make some significant changes to both the organisation and the cost of this facility.

In order to maintain social distancing within government guidance, we are having to limit the breakfast club places to 20 in total. In order to make this provision work on a fair and equal basis we are reserving 5 spaces per class bubble. In addition, to make this provision financially viable we are having to increase the cost to £2.50 per child, per session, however, we are offering the opportunity to purchase 5 sessions for £10 which can be used at any time. We appreciate that this a significant increase in the cost of this facility, however, it is in line with the cost charged by most local schools and remains cheaper than many.

If you wish to use this facility, you can book a space by emailing breakfastclub@lewannick.net, outlining your requirements. Once your place/s has been confirmed, payment will need to be made via school gateway by 2pm that day. Unfortunately due to the restriction on numbers we will have to operate a policy of 'no payment - no space at breakfast club'.

You can book from one week in advance, up until 12 noon the day before your child/ren need a space. To book for the following week, please do not email until the Friday before.

Please bear with us, whilst we try and make this new way of operating breakfast club a success.

Yours faithfully,

Mr Fugill
