

Together we inspire, together we nurture, together we achieve.

1st April 2021

Dear Parents/Carers

As we reach the Easter Holidays, I wanted to take the time to write to you to say thank you for your continued support of the school throughout this period. We have received so many kind and supportive words and these do make a difference, so thank you.

A special thank you should extend to the children. They have been resilient, positive and amazingly adaptive to the ever changing situation we have had to ask them to adjust to. Since they have all been back, it has been a privilege to watch the way they have rekindled friendships and just picked up where they left off. They are a true credit to all of you.

I truly hope we have seen the last of the extended periods of disruption to schooling for all. Whilst we see evidence daily of the improving situation of the pandemic in this country and indeed Cornwall, a look at the news gives a solemn reminder that Coronavirus is still very much part of our global society. Therefore, it has been greatly appreciated to see the effort being made by the entire school community to maintain the important protocols to mitigate against the risk of infection - hands, face, space and fresh air. These will remain in place after the Easter break and we really do appreciate your cooperation and support with this.

At this point, it seems prudent to remind people that the government requires you to contact school by emailing secretary@lewannick.net **if and only if**, your child develops any of the key symptoms of Coronavirus between the end of the school day today and 3.30pm on Saturday 3rd April **AND** only if they subsequently **test positive** for Coronavirus. We will be supporting Track and Trace efforts by doing this, **but school only needs to be contacted on the confirmation of a positive test for symptoms that appear before 3.30pm on Saturday 3rd April.**

All that remains to say is that I wish you and your families a happy Easter and that your time over this holiday period is a truly enjoyable one. We look forward to seeing all the children back in school on Monday 19th April.

Best wishes

Mr Fugill
Executive Headteacher
