Executive Headteacher: Antony Fugill

Dear Parents and Carers,

Albeit a shortened week, it has been a very busy week with lots of learning taking place across the school.

I want to mention again how impressed I have been by the learning attitudes being displayed by the children. They have been focussed on their learning and engaged in their lessons in every classroom. A big well done and thank you to each and every one of them!

As we approach the next stage of the proposed easing of restrictions in response to Coronavirus on May 17th, I am closely following the guidance in relation to any changes that may impact on school. At present, we are anticipating that measures will remain as they currently are for the school and are not anticipating any change. I would also like to again extend my thanks for the support you have shown the school by supporting our procedures at this time.

I hope that the weather continues to hold over the weekend and that you and your families get to enjoy time together whether inside or out.

Best Wishes

Mr Fugill

## Owl Class

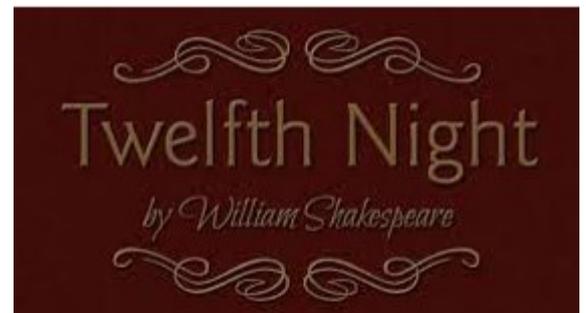

The children have enjoyed learning all about Kenya this week. We have discussed why Kenya is hotter than the UK and looked at hot and cold countries of the world in relation to the Equator. Here are some of our maps to show you what we have learned. We also played a game of throwing rounders and are looking forward to batting next week.

## Kestrel Class

This week, Year 6 have been reading through the script for their end of year production. They will be performing an abridged version of Shakespeare's Twelfth Night in just a few weeks time. Roles will be cast today and the exciting work of learning lines and practising the performance will begin next week.

Make a note in your diaries for the evenings of Wednesday 7th and Thursday 8th July for two amazing performances by this talented group of children.

## Otter Class

Otter Class this week have been busy recapping their times tables and using this knowledge to solve problems that involve numbers with two or more digits.

We have been looking at why non fiction pages are laid out in different ways and in pairs created our own page and explained why we put certain pictures and information in certain places.

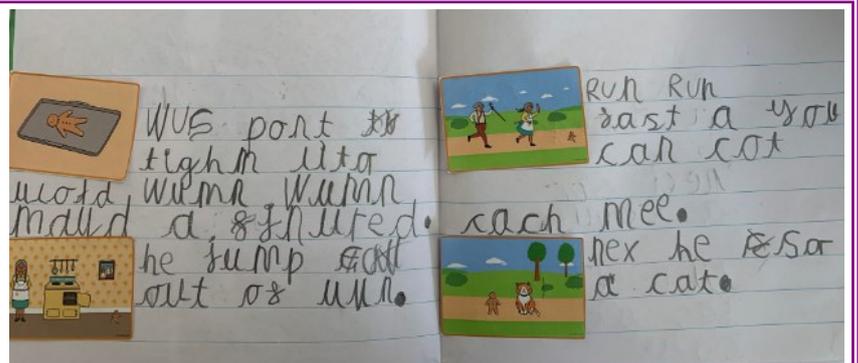

We have continued to get better at tennis and some of us have been having short rallies. Mrs Cook has continued to be a good target!

Today we have been learning to make a moving picture using 2 levers and pivots, we are all engineers in the making.

## Fox Class

In Fox Class this week we have been sequencing and writing the story of the Gingerbread Man!
